

APS Bank plc

How do I share my data with a
TPP?

STEP 1

Once you are on the TPP website, select **APS Bank**.

You will then be taken to the myAPS desktop log in.

Enter your myAPS username and generate the secure code using the token on the myAPS app.

Once done, click on **Log In**.

Username

Secure Code

Log In

myAPS

STEP 2

You will now be taken to the *Consent Authorisation* screen.

Select the information from each account you would like to share with the TPP.

Once completed, re-check details and confirm by clicking on **Authorise**.

APS Welcome JOHN

CONSENT AUTHORISATION

A Third Party Provider wants to connect with your Internet Banking services.
Please select which information you would like to share with the TPP:

ACCOUNT NUMBER	FUNCTION	SELECT
Account - 30XXXXXXXX16	<input checked="" type="checkbox"/> Show in List of Accounts <input checked="" type="checkbox"/> Account Balance <input type="checkbox"/> Account Details <input type="checkbox"/> Transactions Details	Clear All Select All
Account - 30XXXXXXXX14	<input checked="" type="checkbox"/> Show in List of Accounts <input checked="" type="checkbox"/> Account Balance <input type="checkbox"/> Account Details <input type="checkbox"/> Transactions Details	Clear All Select All
Account - 30XXXXXXXX79	<input checked="" type="checkbox"/> Show in List of Accounts <input checked="" type="checkbox"/> Account Balance <input checked="" type="checkbox"/> Account Details <input type="checkbox"/> Transactions Details	Clear All Select All

Cancel **Authorise**

STEP 3

You will now be re-directed to the TPP's website.
